Q: How will the votes be counted?

A: Each question brought before the Meeting is determined by a simple majority of votes cast on the question.

tabulates the proxies. This is done independently of Alaris to preserve the confidentiality of the individual shareholder votes. Proxies are referred to Alaris only in cases where a shareholder clearly intends to communicate with management or when it is necessary to do so to meet the requirements of applicable law.

Q: If I need to contact the transfer agent, how do I reach them?

A: For general shareholder inquiries, you can contact the transfer agent by mail at:

Computershare Trust Company of Canada
100 University Avenue
9th Floor, North Tower
Toronto, Ontario M5J 2Y1

or by telephone:

within Canada and the United States at 1-800-340-5021 and from all other countries at 514-982-7800

or by fax

within Canada and the United States at 1-888-453-0330 and from all other countries at 416-263-9394

or by email:

service@computershare.com

Q: If my Common Shares are not registered in my name but are held in the name of a nominee (a bank, trust company, securities broker, trustee or other), how do I vote them?

A: If Common Shares are listed in an account statement provided to you by a broker, then in almost all cases those Common Shares will not be registered in your name on the records of Alaris. Such Common Shares will more likely be registered under the name of your broker or an agent of that broker. In Canada, the vast majority of shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depository Services

Inc., which acts as nominee for many Canadian brokerage firms).

There are two ways you can vote your Common Shares held by your nominee. As required by Canadian securities legislation, you will have received from your nominee either a request for voting instructions or a Form of Proxy for the number of Common Shares you hold.

For your Common Shares to be voted, please follow the voting instructions provided by your nominee. **Every nominee will have its own mailing procedures and provide its own return instructions, which should be carefully followed by you to ensure that your Common Shares are voted at the Meeting. Often, the Form of Proxy supplied to you by your broker is identical to the Form of Proxy provided to registered shareholders. However, its purpose is limited to instructing the registered shareholders how to vote on your behalf. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge. Broadridge typically applies a special sticker to the proxy forms, mails those forms to the beneficial shareholders and asks beneficial shareholders to return the proxy forms to Broadridge. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting. If you receive a proxy with a Broadridge sticker on it, you cannot use that proxy to vote shares directly at the Meeting. The proxy must be returned to Broadridge in advance of the Meeting in order to have your shares voted.**

Since Alaris does not have unrestricted access to the names of its non-registered Shareholders, if you attend the Meeting, Alaris may have no record of your shareholdings or of your entitlement to vote unless your nominee has appointed you as proxyholder. Therefore, if you wish to vote in person at the Meeting, insert your own name in the space provided on the request for voting instructions or Form of Proxy and return same by following the instructions provided. Do not otherwise complete the form as your vote will be taken at the Meeting. Please register with the transfer agent, Computershare Trust Company of Canada, upon arrival at the Meeting.

Q: What if I would like to ask a question at the Meeting?

A: You can ask your question in person at the Meeting or submit your question at the time of registration at the Meeting with Alaris' transfer agent, Computershare Trust Company of Canada. You can also submit a question by writing to the Corporate Secretary at:

Alaris Royalty Corp.
Suite 232, 2031-33rd Avenue SW

Business of the Meeting

1. Financial Statements

The Financial Statements for the year ended December 31, 2010 are included in the 2010 annual report and are available under our corporate profile on SEDAR.

2. Fixing Number of Directors

At the Meeting it is proposed that the number of directors to be elected at the Meeting to hold office until the next annual meeting or until their successors are elected or appointed, subject to the Articles and By-laws of Alaris, be fixed at seven (7). **Unless otherwise instructed, the persons designated in the enclosed Form of Proxy intend to vote for an ordinary resolution fixing the number of directors to be elected at the Meeting at seven (7), subject to amendment between annual meetings by the Board of Directors in accordance with the Articles and applicable law.** The fixing of the number of directors at seven (7) must be approved by a simple majority of votes cast at the Meeting in person or by proxy.

3. Election of Directors

The 7 nominees proposed for election as directors of Alaris are: Jack C. Lee (Chair), Clayton H. Riddell, E. Mitchell Shier, Mary C. Ritchie, John P.A. Budreski, Stephen King and Gary Patterson. Please see the director descriptions starting at page 20 of this Information Circular for more information about each of these director nominees. All nominees have established their eligibility and willingness to serve as directors. Directors will hold office until the next Annual Meeting of Shareholders of Alaris or

until their successors are elected or appointed.

Unless otherwise instructed, the persons designated in the enclosed Form of Proxy intend to vote for the election of the nominees listed beginning on page 20. If, for any reason, at the time of the Meeting any of the nominees are unable to serve, and unless otherwise specified, it is intended that the persons designated in the Form of Proxy will vote at their discretion for a substitute nominee or nominees.

The election of the directors must be approved by a simple majority of the votes cast at the Meeting in person or by proxy.

4. Appointment of Auditors

The directors propose that the firm of KPMG LLP be appointed as Auditors of Alaris for the fiscal year ending December 31, 2011. KPMG LLP has served continuously since July 31, 2008 as Alaris' sole auditing firm. **Unless otherwise instructed, the persons designated in the enclosed Form of Proxy intend to vote for the appointment of KPMG LLP as Auditors and to authorize the directors to fix the remuneration of the Auditors.**

The appointment of KPMG LLP as Auditors must be approved by a simple majority of the votes cast at the Meeting, in person or by proxy.

Pre-Approval Policies and Procedures

As part of Alaris' corporate governance practices, the Board continues to ensure that a strict policy is in place limiting the Auditor

from providing services not related to its role as Auditor.

All services provided by the Auditor are pre-approved by the Audit Committee as they arise or through an annual pre-approval of amounts for specific types of services. All services comply with professional standards and securities regulations governing auditor independence. Aggregate fees paid to the Auditor during the fiscal years ended December 31, 2010 and 2009 are more particularly described in Alaris' AIF, which is incorporated by reference herein. Copies of such AIF can be found under Alaris' profile on SEDAR.

5. Approval of the Unallocated Options Pursuant to the Option Plan

On July 31, 2008, Shareholders approved the Option Plan. The terms of the Option Plan (including any amendments that have been made to the Option Plan since implementation) as well as the purpose for which it was created are described in more detail on pages 34 & 37 of this Information Circular under the headings "Program Components - Compensation" and "Equity Incentive Plans".

When stock options ("Options") have been granted pursuant to the Option Plan, Shares that are reserved for issuance under an outstanding Option are referred to as allocated Options. Alaris has additional Shares that may be issued under the Option Plan, but as they are not subject to current Option grants, they are referred to as unallocated Options.

As at March 23, 2011 Alaris had Options to purchase 610,150 Shares (equal to approximately 3.8% of the outstanding Common Shares and 3.6% of the issued and

outstanding Shares at the Record Date) outstanding under the Plan, leaving unallocated Options to purchase an aggregate of 147,313 Shares (equal to approximately 0.9% of the outstanding Common Shares and 0.87% of the issued and outstanding Shares at the Record Date) available for future grants based on the number of outstanding Common Shares.

Section 613(a) of the TSX Company Manual provides that every three (3) years after the institution of a security based compensation arrangement, all unallocated rights, options or other entitlements under such arrangement which does not have a fixed maximum number of securities issuable must be approved by a majority of the issuer's directors and by the issuer's security holders. As the Corporation's Common Shares were listed on the TSX on November 18, 2008, the TSX considers November 18, 2008 as the date on which the current three (3) year period began. As such, approval of the unallocated Options under the Option Plan must be obtained prior to November 18, 2011. Therefore, at the Meeting, Shareholders will be asked to approve an ordinary resolution approving the unallocated options under the Option Plan. If approval is not obtained at the Meeting, Options which have not been allocated as of the Meeting Date and Options which are outstanding as of the Meeting Date and which are subsequently cancelled, terminated or exercised will not be available for a new grant of Options under the Option Plan. Previously allocated Options will continue to be unaffected by the approval or disapproval of the resolution. If approval is not obtained at the Meeting, the Compensation Committee and the Board will have to consider alternate forms of performance based compensation, including additional

cash bonuses, a share appreciation plan or other means in order to attract and retain qualified personnel.

The Board believes the Option Plan, in conjunction with the RSU Plan, are key components of Alaris' compensation strategy in aligning our Management's and employees' interests with those of our shareholders, by linking performance compensation to the enhancement of shareholder value. The directors propose that the following ordinary resolution respecting the Option Plan be approved by the Shareholders:

“BE IT RESOLVED, AS AN ORDINARY RESOLUTION OF THE HOLDERS OF COMMON SHARES, THAT:

- 1. All unallocated options issuable pursuant to the share option plan of the Corporation are approved and authorized until April 27, 2014; and*
- 2. Any one director or officer of the Corporation be and is hereby authorized and directed to do all things and to execute and deliver all documents and instruments as may be necessary or desirable to carry out the terms of this resolution.”*

Unless otherwise instructed, the persons designated in the enclosed Form of Proxy intend to vote in favour of the foregoing resolution. This resolution must be approved by a simple majority of the votes cast at the Meeting, in person or by proxy.

6. Approval of the Unallocated RSUs Pursuant to the RSU Plan

On July 31, 2008, Shareholders approved the RSU Plan. The terms of the RSU Plan (including any amendments that have been made to the RSU Plan since implementation)

as well as the purpose for which it was created are described in more detail on pages 34 and 38 of this Information Circular under the headings “Program Components – Compensation” and “Equity Incentive Plans”.

When restricted share units ("RSUs") have been granted pursuant to the RSU Plan, Shares that are reserved for issuance under an outstanding RSU are referred to as allocated RSUs. Alaris has additional Shares that may be issued under the RSU Plan, but as they are not subject to current RSU grants, they are referred to as unallocated RSUs. As at the Record Date, Alaris had RSUs to purchase 384,400 Shares (equal to approximately 2.4% of the outstanding Common Shares and 2.3% of the issued and outstanding Shares at the Record Date) outstanding under the RSU Plan, leaving unallocated RSUs to purchase an aggregate of 482,166 Shares (equal to approximately 3.0% of the outstanding Common Shares and 2.9% of the issued and outstanding Shares at the Record Date) available for future grants based on the number of outstanding Common Shares.

As indicated earlier, the policies of the TSX provide that every three (3) years after the institution of a security based compensation arrangement, all unallocated rights, options or other entitlements under such arrangement which does not have a fixed maximum number of securities issuable must be approved by a majority of the issuer's directors and by the issuer's security holders. As the Corporation's Common Shares were listed on the TSX on November 18, 2008, the TSX considers November 18, 2008 as the date on which the current three (3) year period began. As such, approval of the unallocated RSUs under the RSU plan must

be obtained prior to November 18, 2011. Therefore, at the Meeting Shareholders will be asked to approve an ordinary resolution approving the unallocated RSUs under the RSU Plan. If approval is not obtained at the Meeting, RSUs which have not been allocated as of the Meeting Date and RSUs which are outstanding as of the Meeting Date which are subsequently cancelled, terminated or exercised will not be available for a new grant of RSUs under the RSU Plan. Previously allocated RSUs will continue to be unaffected by the approval or disapproval of the resolution. If approval is not obtained at the Meeting, the Compensation and Governance Committee and the Board will have to consider alternate forms of performance based compensation, including additional cash bonuses, a share appreciation plan or other means in order to attract and retain qualified personnel.

The Board believes the RSU Plan, in conjunction with the Option Plan, are key components of Alaris' compensation strategy in aligning our Management's and employees' interests with those of our shareholders, by linking performance compensation to the enhancement of shareholder value. As such, the directors propose that the following ordinary resolution respecting the unallocated RSUs under the Option be approved by the Shareholders:

"BE IT RESOLVED, AS AN ORDINARY RESOLUTION OF THE HOLDERS OF COMMON SHARES, THAT:

- 1. All unallocated restricted share units issuable pursuant to the restricted share unit plan of the Corporation are approved and authorized until April 27, 2014; and*

- 2. Any one director or officer of the Corporation be and is hereby authorized and directed to do all things and to execute and deliver all documents and instruments as may be necessary or desirable to carry out the terms of this resolution."*

Unless otherwise instructed, the persons designated in the enclosed Form of Proxy intend to vote in favour of the foregoing resolution. This resolution must be approved by a simple majority of the votes cast at the Meeting, in person or by proxy.

7. Approval of RSU Plan Amendments

During 2010, the federal Department of Finance introduced the Tax Changes. Among other amendments, the Tax Changes clarify that when an employee receives shares under an equity-based compensation arrangement, the employer must withhold or collect tax from the employee's compensation and remit such tax to the federal government during the same pay period as when an employee receives such shares. As described, beginning on page 38 of this Information Circular, our RSU Plan was amended with Board approval during 2010 to reflect the Tax Changes. Specifically, to allow us to meet our withholding obligation, the RSU Plan now permits Alaris to withhold shares otherwise due to a plan participant. Alternatively, a plan participant may make a cash payment to Alaris to satisfy this withholding obligation, and may choose to sell Alaris shares to make such cash payment. In either case, a trade in Alaris shares may be necessitated, but may not be possible where vesting of an RSU occurs during a blackout period prescribed by Alaris. As such, the Board proposes that the RSU Plan be amended to extend vesting of an RSU to a

date which is 10 days following the end of the blackout period (the “**Blackout Amendment**”). This is consistent with the terms of the Option Plan, and will provide an RSU participant with a better ability to satisfy his or her withholding tax obligations when it becomes due and payable.

The directors propose that the following ordinary resolution respecting the RSU Plan be approved by the Shareholders:

“BE IT RESOLVED, AS AN ORDINARY RESOLUTION OF THE HOLDERS OF COMMON SHARES, THAT:

1. *The Corporation’s restricted share unit plan be amended to provide that, in the event that the vesting date of any RSU falls within any blackout period or within 10 business days thereafter, the vesting date be extended to the date that is 10 business days following the end of such blackout period. For these purposes, blackout period means the period of time when, pursuant to any policies of the Corporation, any securities of the Corporation may not be traded by certain persons as designated by the Corporation, including any holder of an RSU.*
2. *Any one director or officer of the Corporation be and is hereby authorized and directed to do all things and to execute and deliver all documents and instruments as may be necessary or desirable to carry out the terms of this resolution.”*

Unless otherwise instructed, the persons designated in the Form of Proxy intend to vote in favour of the foregoing resolution.

This resolution must be approved by a simple majority of the votes cast at the Meeting, in person or by proxy.

8. Authorization for the Exchange of Non-Voting Shares

Currently, there are 666,665 Non-Voting Shares issued and outstanding (representing 4.1% of all issued and outstanding Shares on the Record Date), and such Non-Voting Shares are currently only issued to certain members of Alaris’ Management. The Non-Voting Shares were issued to such individuals in connection with the Alaris Acquisition¹, as a means of ensuring long term retention and motivation of such individuals after the Alaris Acquisition. Our Board has now conducted a comprehensive review of our compensation program (see “Executive Compensation” beginning on page 30 of this Information Circular) and has determined that our current compensation strategy is a more appropriate tool to encouraging long-term retention and motivation of our employees (including those who are holders of Non-Voting Shares), and serves to aligns the interests of all Alaris executives and employees (including those who are holders of Non-Voting Shares) with those of our Shareholders. Our Board has further determined that as a result of not being listed on a stock exchange and resulting lack of liquidity, the Non-Voting Shares no longer adequately serve to encourage long-term retention of these executives. As such, subject to Shareholder Approval, our Board has determined that it is appropriate to take all steps necessary to effect the exchange of all of the Non-Voting Shares into Common Shares (the “**Exchange**”). The Board also believes that the Exchange will result in a simpler share structure that will be more straight-forward for capital markets to

¹ The Non-Voting Shares were issued to such individuals in exchange for shares of a company (the “**Acquired Company**”) that was acquired by Alaris in connection with the Alaris Acquisition. These shares were issued by the Acquired Company to these individuals as compensation for past performance and services rendered to the Acquired Company and its affiliates.

understand. The Board intends to effect the Exchange on or before April 30, 2011.

The Non-Voting Shares (and the Common Shares to be issued in connection with the Exchange) are not a component of Alaris' ongoing compensation program. However, as the Non-Voting Shares are being exchanged in connection with the Board's review of Alaris' compensation program, the TSX considers the Non-Voting Shares to be equity-based compensation and as such, the TSX requires Shareholders to approve the Exchange. The directors propose that the following special resolution respecting the Exchange be approved by the Shareholders:

"BE IT RESOLVED, AS A SPECIAL RESOLUTION OF THE HOLDERS OF COMMON SHARES, THAT:

1. *The Board of Directors of the Corporation be authorized, pursuant to Section 173(1) (h) and section 176 of the Canada Business Corporations Act, to amend the Articles of the Corporation to exchange all of the currently issued and outstanding Non-Voting Shares with Common Shares as follows: for every one (1) Non-Voting Share issued and outstanding, the Corporation shall issue one (1) Common Share as fully paid and non-assessable in consideration for the cancellation of that Non-Voting Share (the "Exchange");*
 2. *The Board of Directors of the Corporation be authorized to, in its sole discretion, determine the date of the Exchange, if any (provided that the authority of the Board to complete the Exchange shall expire on December 31, 2011);*
 3. *The stated capital accounts of the Corporation shall be adjusted by deducting from the Corporation's stated capital account*
- maintained for the Non-Voting Shares the aggregate stated capital amount attributed to the issued Non-Voting Shares and adding the entire amount to the Corporation's stated capital account maintained for the Common Shares;*
4. *Notwithstanding the approval by holders of Common Shares of this special resolution, the Board of Directors of the Corporation may, in its sole discretion, determine not to proceed with the Exchange and revoke this special resolution before it is acted upon without further notice to or approval of shareholders; and*
 5. *Any officer or director (other than an officer or director that owns any Non-Voting Shares) of the Corporation be and is hereby authorized for and on behalf of the Corporation (whether under its corporate seal or otherwise) to execute and deliver articles of amendment to the Director and apply to the Director for a certificate of amendment amending the Articles of the Corporation as described herein, and to execute and deliver all other documents and instruments and to take all such other actions as such officer or director may deem necessary or desirable to implement this resolution and the matters authorized hereby, including the transactions required by the Exchange, such determination to be conclusively evidenced by the execution and delivery of such documents and other instruments or the taking of any of such actions.*
 6. *The resolutions adopted, consented to and approved herein shall be contemporaneously effected as of the date of issue of the certificate of amendment by the Director.*
 7. *Each of the resolutions hereof is conditional upon the contemporaneous completion of all*

the transactions contemplated hereby, including the issue of the certificate of amendment pursuant to section 178 of the Canada Business Corporations Act.”

Unless otherwise instructed, the persons designated in the Form of Proxy intend to vote in favour of the special resolution approving the Exchange. In order to provide the Board with the required authority to effect the Exchange, the special resolution approving the Exchange must be approved by at least two-thirds (66 2/3%) of the votes cast at the Meeting, in person or by proxy. For greater certainty, in the absence of such approval by the current holders of Common Shares, the holders of the Non-Voting Shares have no right or ability to cause their Non-

Voting Shares to be converted or exchanged for Common Shares.

In addition, pursuant to Section 176 (1) of the CBCA, the holders of the Non-Voting Shares are entitled to vote, as a separate class, on the Exchange. As such, the Exchange must also be approved by at least two-thirds (66 2/3%) of the votes cast at a meeting of the holders of Non-Voting Shares or by a written resolution signed by all of the holders of the Non-Voting Shares. The Board intends to secure the approval of the holders of Non-Voting Shares with respect to the Exchange by way of written resolution signed by all of the holders of Non-Voting Shares.

Additional Disclosure Relating to Directors

Except as follows:

- (1) Mr. Riddell has been a director and officer of Paramount Resources Ltd. in various capacities since 1978. From 1992 to 2008, Paramount was the general partner of T.T.Y. Paramount Partnership No. 5 ("TTY"), a limited partnership, which was an

unlisted reporting issuer in certain provinces of Canada. TTY was established in 1980 to conduct oil and gas exploration and development activities but had not carried on active operations since 1984 and had only nominal assets. A cease trade order against TTY was issued by the Quebec Securities Commission in 1999 for failing to file the June 30, 1998 interim financial statements in Quebec. The cease trade order was revoked on April 9, 2008. TTY was dissolved on July 21, 2008.

- (2) Until March 2, 2010, Messrs. Budreski and Patterson were directors of EarthFirst Canada Inc. (“**EarthFirst**”). EarthFirst was engaged in development of wind power and related generation facilities. EarthFirst obtained creditor protection under the *Companies’ Creditors Arrangement Act* (Canada) (the “**CCAA**”) on November 4, 2008. The CCAA process has now been completed and Earth First Canada has been amalgamated with another company and no longer exists as a separate entity.

- (3) Mr. Lee is currently a director of Darian Resources Ltd. (“**Darian**”), a private company. Darian is engaged in the business of oil and gas exploration and development. Darian obtained creditor protection under the CCAA pursuant to an order granted on February 12, 2010 by the Court of Queen's Bench of Alberta. The CCAA process has now been completed and Darian was sold to Crescent Point Energy Corp., and as a result, Darian’s creditors were repaid in full and its equity holders were repaid an additional \$30 million.

Board of Directors Compensation

How Were Alaris' Directors Compensated in 2010?

Alaris' directors are not paid any retainer fees or fees for attending director or committee meetings. Directors are, however, reimbursed for any travel and out-of-pocket expenses incurred in attending Board and Committee meetings. In addition, all of Alaris' non-employee directors have been issued RSUs under Alaris' RSU Plan. A description of the RSU Plan can be found beginning on page 38 of this Information Circular.

Directors' Share Ownership

As at the date of this Information Circular:

- total shares held by non-employee directors: 4,448,591
- total RSUs held by non-employee directors: 93,750
- total value of shares and RSUs held by non-employee directors: \$60,186,018 (based on the closing price of the Common Shares on the Toronto Stock Exchange as of the Record Date which was \$13.25).

Restricted Share Units Outstanding

Jack C. Lee	18,750
Clayton H. Riddell	15,000
Mary C. Ritchie	15,000
E. Mitchell Shier	15,000
John P.A. Budreski	15,000
Gary Paterson	15,000

(1) Mr. Lee was granted more RSUs than the other non-employee directors of Alaris in recognition of the additional duties and responsibilities attributed to his position as Chairman of the Board.

The RSUs issued to the non-employee directors have different vesting conditions than the RSUs issued to Alaris' Named Executive Officers and employees. The CG Committee determined that the different vesting conditions were appropriate because non-employee directors do not receive any other remuneration. The RSUs issued to such directors are intended to compensate such directors for their services, provide long-term incentive to them and align their interests with those of the Shareholders.

RSUs granted to the non-employee directors on October 29, 2008 vest in accordance with the following schedule:

- (a) one year from the date of grant, 1/3 of the RSUs vest and an equivalent number of Common Shares are issued to the non-employee director;
- (b) two years from the date of grant, an additional 1/3 of the RSUs vest and an equivalent number of Common Shares are issued to the non-employee director; and
- (c) three years from the date of grant, the final 1/3 of the RSUs vest and an equivalent number of Common Shares are issued to the non-employee director.

The Board has approved an annual grant of RSUs to the non-employee directors in an amount equal to that number of RSUs that vest each year for each non-employee director. Such additional RSUs vest at the end of 3 years following the date of grant and an equivalent number of Common Shares are to be issued at that time.

Pursuant to the RSU Plan directors are entitled to receive Dividend Entitlements in the event that a dividend is declared and paid on the Common Shares. All Dividend Entitlements are paid to the non-employee directors entirely in cash, unlike dividend equivalent payments made to executives (which are made half in cash and half in Common Shares).

On October 29, 2010 the following RSUs issued to non-employee directors vested and the following Common Shares were issued as a result. In addition, in accordance with the annual grant of RSUs approved by the Board, the following additional RSUs were immediately granted to the non-employee directors to replace the vested RSUs:

Name	RSUs Vested at October 29, 2010	Common Shares Issued at October 29, 2010	Additional RSUs Granted at October 29, 2010
Jack C. Lee	6,250	6,250	6,250
Clayton H. Riddell	5,000	5,000	5,000
Mary C. Ritchie	5,000	5,000	5,000
E. Mitchell Shier	5,000	5,000	5,000
John P.A. Budreski	5,000	5,000	5,000
Gary Patterson	5,000	5,000	5,000

Unless otherwise agreed by the Board, if a director is no longer a director of Alaris, the director ceases to be a participant under the RSU Plan, and forfeits all unvested RSU awards.

Directors' Summary Compensation Table

The following table sets out for the year ended December 31, 2010, information concerning the compensation paid to our non-employee directors:

Directors	Fees earned (\$)	Share-based awards ⁽¹⁾	Option-based awards (\$)	Non-equity incentive plan compensation (\$)	Pension value (\$)	All other compensation ⁽²⁾ (\$)	Total (\$)
Jack C. Lee	-	67,500	-	-	-	17,438	84,938
Clayton H Riddell	-	54,000	-	-	-	13,950	67,950
E. Mitchell Shier	-	54,000	-	-	-	13,950	67,950

Gary Patterson	-	54,000	-	-	-	13,950	67,950

Notes:

- (1) Based on the grant date fair value of RSUs granted to the non-employee directors. The grant date fair value for compensation purposes was calculated based upon the deemed or actual, as applicable, market price of the Common Shares on the date the RSUs were granted and assuming that Alaris would satisfy all of the vesting conditions for the currently issued and outstanding RSUs. The fair market value of the Common Shares on the date the RSUs were granted in 2008 was \$12.00, which value was determined based upon the deemed issue price of the Common Shares pursuant to the Private Placement. As the Corporation's Common Shares were not trading on any recognized stock exchange at this time, the RSUs were granted, it was determined that the \$12.00 value was the most reasonable estimate of the fair value for the purposes of granting the RSUs. For RSUs granted in 2009 and 2010, the fair market value of the Common Shares on the date of grant was \$7.00 and \$10.80 per Common Share, respectively, which was the closing price for the Common Shares on the TSX on those dates. However, the value of an RSU to be recognized by the director for income tax purposes on the date the RSU vests will be the fair market value of the Common Shares on such date and can therefore fluctuate from the grant date fair value used to calculate the value disclosed in the table above.
- (2) Represents the cash payment of Dividend Equivalents paid to the director pursuant to the RSU Plan and the fair value of shares issued upon vesting during the year.

Directors' Outstanding Option-Based Awards and Share-Based Awards

For each of our non-employee directors, the following table sets out all option-based awards and share-based awards outstanding at the end of the year ended December 31, 2010.

John P.A. Budreski	-	-	-	-	15,000	174,600
Gary Patterson	-	-	-	-	15,000	174,600

Notes:

- (1) Non-employee directors have not been granted Options. The only remuneration they receive is in the form of RSUs and Dividend Entitlements.
- (2) Calculated based on the \$11.64 closing price of the Common Shares on the TSX as of December 31, 2010. However, the value of an RSU to be recognized by the director for income tax purposes on the date the RSU vests will be the fair market value of the Common Shares on such date and can therefore fluctuate from the grant date fair value used to calculate the value disclosed in the table above.

Executive Compensation

Compensation Review

The CG Committee is responsible for reviewing and monitoring Alaris' compensation program in light of corporate goals and objectives, and recommending changes to the Board, as well as recommending to the Board, the level and form of compensation to be made to Management and Alaris' directors. For a more complete description of the role, duties and responsibilities of the CG Committee, particularly with respect to compensation matters, please refer to the discussion in Schedule 1 beginning on page 51 of this Information Circular.

The CG Committee commenced a review of Alaris' compensation program in late 2009 (see Alaris' 2009 *Information Circular* for further details). During 2010, the Compensation Committee retained the services of an independent compensation consultant, Lane Caputo Compensation Inc..

As a result of such review, the Board determined that our current compensation structure is competitive from both a quantum and structure perspective, appropriately rewards long-term growth and performance, and does not encourage inappropriate risk taking. The review resulted in the CG Committee developing a set of guidelines for the Board to assist in determining compensation to be paid to Alaris employees. These guidelines are intended to be guidelines only, and the Board continues to have the

discretion to adjust or change such guidelines as circumstances warrant. In addition to the development of these guidelines, the review further resulted in a change in philosophy concerning the compensation mix away from the grant of further RSUs and towards the grant of further share options. No changes were made to the compensation program for Alaris' directors.

Benchmarks

In reviewing Alaris' compensation program, the CG Committee reviewed the compensation principles and practices, as well as the structure and design of compensation programs, of a number of companies of similar size. The Alaris business, structure, goals and objectives are unique in the marketplace, and as such, it was difficult to find appropriate information for comparison, from quantum of compensation perspective.

To benchmark the *quantum* of compensation for each position, specific geographic and local industry-specific data from published compensation surveys were used in conjunction with the peer group data. The data selected for use by the CG Committee reflects our size as well as the local competitive marketplace from which we would recruit key talent, or lose key talent to.

The following compensation practices of companies reviewed by our compensation consultant and of companies participating in the compensation surveys were factors

considered by the CG Committee in finalizing our overall compensation strategy:

- Most companies administer grants annually, with an eye to expected value or the number or percent of total shares outstanding.
- Most companies used stock options as the primary long-term incentive, with a very small number of these companies having some form of performance vesting tied to distributable cash thresholds or other measures of income.
- The magnitude of executive compensation tends to be strongly correlated to the size and complexity of the organization an executive oversees.
- The compensation structure of companies generally in the financial services industry are more heavily weighted towards medium- and long-term performance, with the majority of the value in the compensation structure being delivered by long-term incentives.
- Discretionary guidelines and goals, as opposed to strict formulas or automatic grants, are appropriate in creating some certainty for executives and aligning their interests with those of shareholders, while also ensuring the compensation program is sufficiently flexible to respond to changing company, industry, economic or other circumstances.

Performance Graphs & Compensation Relative to Shareholder Return

During 2010, stability continued to return to financial markets and the economy began to show signs of recovery with consumer confidence increasing. As a result, we continued to make solid progress in advancing our strategic agenda. Our strategic priorities include adding new Private Company Partners; strengthening our relationships with our existing Private Company Partners; and gradual and prudent growth from further financings. During 2010, our performance grew significantly over the year, reflecting (i) the addition of two new Private Company Partners, namely KMH and Solowave (ii) continued growth in cash flows from LifeMark, EOTR and MEDIchair; (iii) improved performance in LMS; (iv) an additional financing to LifeMark; and (v) two increases in our monthly dividend (March 2010 and December 2010).

Our Board considers several factors in connection with its determination of appropriate levels of compensation, including, but not limited to, the Board's compensation philosophy and guidelines; the demand for and supply of skilled professionals in the financial services industry generally; individual performance; our corporate performance (which is not necessarily tied exclusively to the trading price of the shares on the TSX); and other factors discussed under "Executive Compensation Discussion and Analysis" beginning at page 34 of this Information Circular. The trading price of the Common Shares on the TSX is subject to fluctuation based on several factors (including, but not limited to global economic conditions, changes in government, legislation, and other factors), many of which are outside the control of Alaris. These include, but are not limited to, global economic conditions, changes in government, legislation, and other factors.

The tables below depict the following information for the last three years: (1) the performance of our Common Shares relative to the S&P/TSX Composite index; and (2) our executive compensation relative to total returns to our Shareholders.

Figure 1

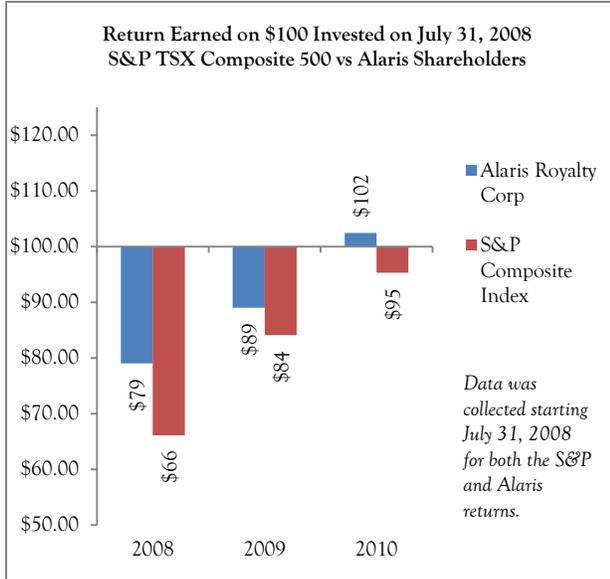

Figure 2

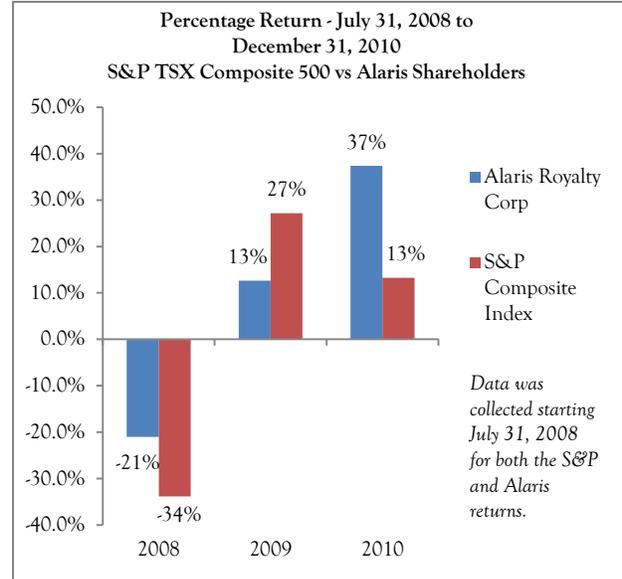

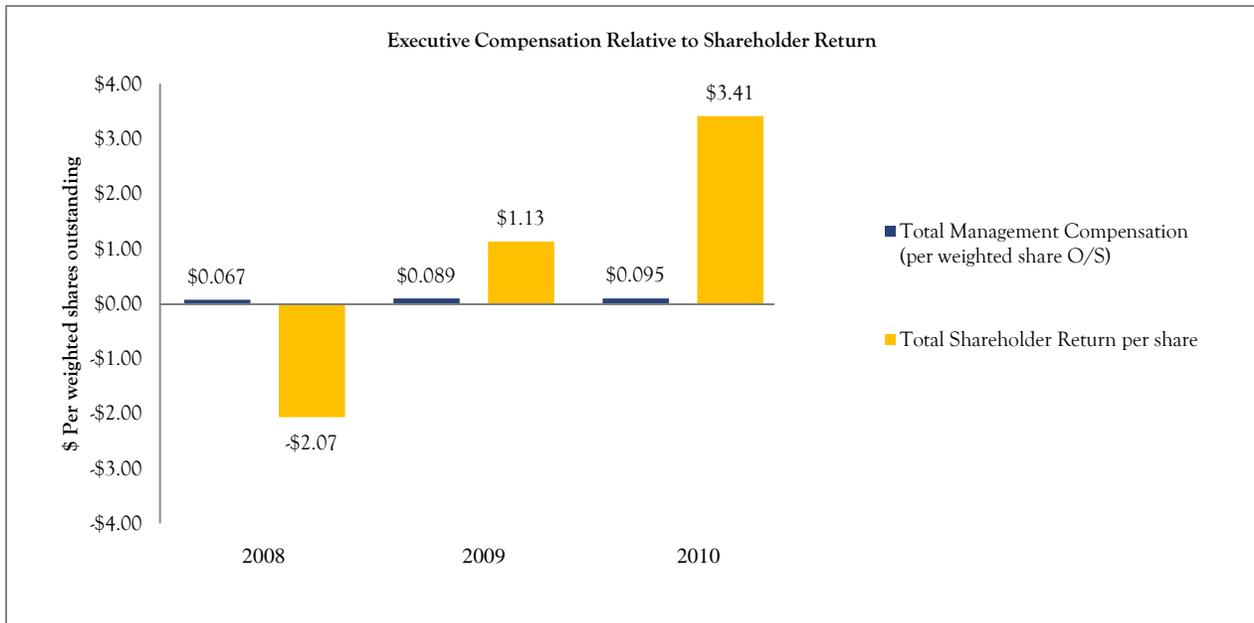

Figure 3

Note:

Alaris executive compensation was derived by dividing each segment of total compensation by the weighted number of shares outstanding for each given fiscal year end. These share numbers can be found in our December 31, 2010 annual financial statements, as filed under our profile on SEDAR.

As can be seen in Figure 3, Alaris' executive compensation is well aligned with the interests of our Shareholders. When returns to Shareholders have been negative, or flat, the value of equity-based compensation (Options) issued to Alaris' executives have operated in a similar manner. Where shareholder value has increased, the relative value of executive compensation has also increased albeit by a smaller proportion to total returns realized by Shareholders. The outcome of this alignment of interests is an executive team that is motivated to drive Alaris' long-term equity value by growing partnerships with existing Private Company Partners and by adding new Private Company Partners, while continuing to take a conservative approach to the evaluation of these potential new partnerships.

Executive Compensation Discussion and Analysis

1. Compensation Approach and Objectives

Alaris' approach to compensation is based on a "pay for performance" philosophy whereby fixed elements of pay such as salary, are positioned at, or below, market median levels, while short and long-term incentives are structured to provide above-market total compensation for high levels of corporate performance. Our compensation practices are designed to provide an effective balance among four core compensation principles:

- Compensation is **aligned with overall Alaris performance**. It is linked to both corporate and individual performance.
- Compensation **encourages a long-term view to increasing shareholder value**. A significant portion of each executive's variable pay is equity based and encourages executives to take significant personal and financial interest in the long-term health and growth of the company.
- Compensation **does not encourage excessive or inappropriate risk-taking**. Compensation structures reflect risk and capital usage and a significant portion of each executive's compensation is deferred.

- Compensation **helps attract and retain highly trained, experienced and committed talented people** and motivates them to excel against specified corporate objectives.

The governing objective of Alaris' compensation program is to motivate Alaris' employees to build a highly diversified group of Private Company Partners with a conservative financial structure and a safe and consistently increasing dividend stream to Alaris Shareholders. In meeting this objective, the intent of our compensation program is to motivate Alaris employees to: (1) pursue a series of judicious and accretive partnerships with new Private Company Partners, principally financed with equity from new issuances of Common Shares; (2) ensure a responsible use of debt; and (3) maintain relationships with our Private Company Partners for the long term. In this manner, executive and director interests are aligned with those of Alaris' Shareholders. Executives are evaluated annually and compensation awards are made annually as appropriate in light of such performance factors. Annual awards and allocations of Options, RSUs and bonuses are recommended to the Board by the CG Committee, in consultation with the CEO.

2. Program Components

Compensation-Key Components

Alaris' compensation program seeks to evaluate an executive based on both corporate and individual performance. Corporate performance is measured through two primary means, namely: (1) an evaluation of financings completed by Alaris to raise funds for contributions to new and existing Private Company Partners; and (2) the concept of Total Cash Available for Distributions per Share (discussed below and further beginning on page 39 of this Information Circular). Individual performance is generally evaluated based on individual expertise and responsibilities, leadership and

achievement of personal performance goals and objectives as well as individual contribution to corporate performance.

The key components and guidelines of Alaris' compensation program for executives are outlined in the table below.

Component	Purpose	Form	How it is Determined
Base Pay (Salary)	Forms a relatively small component of total compensation and compensates individuals for fulfilling their role responsibilities.	Cash	Salaries are based on available market place information, as well as an executive's experience, performance and level of responsibility. Salaries are also determined with consideration to Alaris' total compensation package. An approach of low base salaries and a higher incentive component to employee compensation continues to be appropriate to encourage long-term corporate and individual performance. It is intended that base salaries will increase as Alaris' corporate size, complexity and responsibilities, increase. All salary adjustments are at the discretion of the Board.
Option Plan	Promotes an ownership perspective among executives, encourages executive retention, encourages executives to generate sustained share price growth over the longer term (4 years) and aligns management's interests with Shareholders interests through participation in share price increases or appreciation in Private Company Partners.	Stock Options	Option Plan awards are made upon the commencement of an executive's employment with Alaris and will be based on the executive's experience, skill set and level of responsibility within Alaris. Additional grants may be made annually at the discretion of the board and are based on the individual's contribution to corporate performance, as well as the overall competitiveness of the executive compensation package. As a general guideline, Alaris employees are intended to be granted annually such number of Options under the Option Plan that are exercisable into less than 10% of Alaris' outstanding Common Shares (calculated at the time of grant of such Options). The number of Options granted will be calculated with reference to new Common Shares issued in the previous year pursuant to financings completed by Alaris to raise funds for contributions to new and existing Private Company Partners.
Bonuses	To recognize and encourage short term efforts which are critical to the long-term success and positive performance of Alaris.	Cash, RSUs or a combination of cash and RSUs.	Bonuses are intended to be awarded annually but are discretionary in nature based on the Board's assessment of individual contribution and overall corporate performance. As a general guideline, the aggregate annual bonus paid to Alaris employees is intended to be based upon a percentage of the incremental annual increase, if any, to Alaris' "Total Cash Available for Distribution per Share" (as described beginning on page 39 of this Information Circular).
RSU Plan	Encourages executives to create sustainable shareholder value and returns over a three-year performance cycle and aligns Management's interests with Shareholders interests.	Restricted Share Units (RSUs)	RSU vesting is based on the achievement of Total Cash Available for Distribution and performance targets (described beginning on page 39 of this Information Circular) RSU Plan awards are made upon the commencement of an executive's employment with Alaris and will be based on the executive's level of responsibility within Alaris, experience and skill set. Additional RSU grants may be made periodically at the discretion of the Board in lieu of cash bonuses, as determined appropriate.

Notes:

(1) Existing RSUs granted to Alaris employees are expected to vest in March 2012. Once vested, the Board, in recognition of the change in compensation philosophy away from the grant of further RSUs and in favour of Options, has determined it appropriate to, on a one time basis,

grant approximately 280,000 share options to Alaris' employees effective March 2012 in lieu of further RSU grants, subject to applicable securities laws and regulatory requirements.

Notes:

- (1) This amount is based on the total annualized salary that was paid to the NEO by Alaris or its predecessor prior to Alaris' acquisition of Alaris Partnership on July 31, 2008.
- (2) This amount represents the total salary paid to Ms. Colabella in the fiscal year ending December 31, 2008. Ms. Colabella commenced employment with Alaris on September 1, 2008. Had Ms. Colabella commenced employment on January 1, 2008 she would have received a salary of \$100,000 for 2008.
- (3) The amount shown is based on the grant date fair value of RSUs awarded under the RSU Plan to the executive officers noted above. The grant date fair value for compensation purposes was calculated based upon the deemed market price of the Common Shares on the date the RSUs were granted and assuming that Alaris would satisfy all of the vesting conditions for the currently issued and outstanding RSUs. The fair market value of the Common Shares on the date the RSUs were granted in 2008 was \$12.00, which value was determined based upon the deemed issue price of Common Shares pursuant to the Private Placement. As the Alaris' Common Shares were not trading on any recognized stock exchange at the time the RSUs were granted in 2008, it was determined that the \$12.00 value was the most reasonable estimate of the fair value for the purposes of granting the RSUs. However, the value of an RSU to be recognized by the executive officer for income tax purposes on the date an RSU vests will be the fair market value of the Common Shares on such date and can therefore fluctuate from the grant date fair value used to calculate the value disclosed in the table above. As of the date of this Information Circular, no RSUs have vested.
- (4) The amount shown is based on the grant date fair value of Options granted under the Option Plan to the executive officers noted above. The grant date fair value for compensation purposes is calculated using Black Scholes Option pricing methodology, using the following assumptions: a five year term for the options; a four year vesting period; a risk free interest rate of 2.15% (2009 - 2.74%; 2008- 2.73%); a dividend yield of 8.7% (2009 - 12%; 2008-12%); and a 52% (2009-56%; 2008 - 38%) volatility in share price. The value of the Options disclosed in the table above can fluctuate from the imputed value derived under the Black Scholes method of evaluation.
- (5) The value of perquisites received by each of the Named Executive Officers, including property or other personal benefits provided to the Named Executive Officers that are not generally available to all employees, were not in the aggregate greater than \$50,000 or 10% of the Named Executive Officer's total salary for the financial year.

- (6) This amount represents the value of perquisites and Dividend Entitlements received by the NEO during the fiscal years ending December 31, 2008, December 31, 2009, and December 31, 2010 pursuant to the RSU Plan. The value of a Dividend Entitlement is determined by multiplying the amount of a dividend declared and paid per Common Share by the number of RSUs recorded in a participant's account on the dividend record date.
- (7) No compensation paid to Mr. King reflected in this column was paid to him in his capacity as a Director of the Corporation.
- (8) This amount represents the total salary paid to Mr. Reid in the fiscal year ending December 31, 2010. On December 10, 2010, the Board resolved to increase Mr. Reid's annual salary to \$125,000, effective December 10, 2010.

Rachel Colabella	December 22, 2010	30,000	11.56	December 22, 2015	2,400	-	-
	November 2, 2009	11,000	7.27	November 2, 2014	48,070	10,000	116,400
	October 29, 2008	10,500	12.00	October 29, 2013	-	10,500	122,220

Notes:

- (1) Calculated based on the difference between the market price of the securities underlying the Options at December 31, 2010 and the exercise price of the Options.
- (2) Calculated based on the \$11.64 closing price of the Common Shares on the TSX as of December 31, 2010. The payout value of RSUs that have not vested assumes that the target performance has been met. The value of an RSU to be recognized by the executive officer for income tax purposes on the date the RSU vests will be the market value of an RSU of the Common Shares on such date and therefore can fluctuate from the price used to calculate the value disclosed in the table above.

King, Driscoll and Reid, the retiring allowance would be equal to 1.5 times their annual base salary most recently paid and bonus, plus 15% of that amount calculated (for Ms. Colabella, this would be equal to one (1) times her annual base salary and most recently paid bonus, plus 15% of that amount).

(4) Options and RSUs only accelerate at the discretion of the Board.

(5) At December 31, 2010 one half of all Options granted to NEOs in 2008 vested. In addition, at December 31, 2010, one quarter of all Options granted to NEOs in 2009 vested.

The Board of Directors of Alaris has approved the contents and the dissemination of this Information Circular to the Shareholders.

Schedule 1- Statement of Corporate Governance Practices

At Alaris Royalty Corp., we aspire to uphold high standards of corporate governance which reflect not only applicable legal and regulatory requirements but also emerging best practices. As a Canadian reporting issuer with securities listed on the Toronto Stock Exchange (“TSX”), our corporate governance practices meet applicable rules adopted by the Canadian Securities Administrators (“CSA”).

We continue to monitor regulatory changes and best practices in corporate governance and will consider amendments to our governance practices as appropriate. Throughout this Schedule, references to documents and information available can be found at www.alarisroyalty.com. In addition, any information located on the web site is also available in print to any shareholder upon request to the Corporate Secretary’s Department at the address set out on page 50 of this Information Circular.

Board of Directors (the “Board”)

Director Independence

All directors, with the exception of Stephen King, standing for election to the Board on April 27, 2011 are ‘independent’ within the meaning of the relevant CSA rules.

The Alaris Board of Directors (the “Board”) has adopted categorical standards for determining whether a director is “independent” within the meaning of the CSA rules, and whether each member of the Audit Committee meets the applicable Canadian independence criteria for membership on public company audit committees. In summary, a director is “independent” under Alaris’ standards if the Board determines that the director has no material relationship with Alaris or any of its affiliates or the Shareholders’ Auditor, either directly or indirectly, or as a partner, shareholder or officer of an entity that has a

material relationship with Alaris. For these purposes, a material relationship is one which could, in the view of the Board, be reasonably expected to interfere with the exercise of director’s independent judgment. In addition, certain individuals are deemed to have a material relationship with an issuer (including certain key employees or executive officers, or family members thereof) for Audit Committee purposes.

On an annual basis, the CG Committee and the Board participate in the determination of director independence. The determinations are based on information concerning the personal, business and other relationships and dealings between the directors and Alaris, its affiliates and Shareholders’ Auditors. The determinations take into account information derived from Alaris’ records and reports, and information about entities with which the directors are involved. The Board examines the materiality of these relationships not only from Alaris’ standpoint, but also from that of the persons or organizations with which the director has a relationship.

The Board had determined that all directors standing for election to the Board on April 27, 2011 are “independent” within the meaning of the relevant CSA rules and standards, with the exception of Stephen King who is considered to have a material relationship with Alaris and its subsidiaries by virtue of his position as the President and Chief Executive Officer of Alaris since 2008.

The Board has also determined that all members of the Audit Committee meet the additional Canadian independence requirements for membership on public company audit committees (as set out in *National Instrument 52-110-Audit Committees*).

Mr. Riddell is also our largest shareholder holding approximately 32.6% of the Common Shares. It was determined by the Board that a director holding a large percentage of shares in Alaris aligned such director's interests with all other shareholders of Alaris and helped demonstrate his independence from Management. The Board considered Mr. Shier's relationship with Mr. Riddell as a result of his employment with other entities controlled by Mr. Riddell and determined this relationship was not material. The Board also considered Mr. Budreski's relationship with Alaris as a result of his position as Vice Chairman of Cormark Securities Inc. (a member of Alaris' underwriting group under the October 2009 Offering, May 2010 Offering and December 2010 Offering) and determined that this relationship was not material as Cormark Securities Inc. was responsible for purchasing less than 5% of Alaris' securities in each of the October 2009 Offering, May 2010 Offering, and December 2010 Offering.

Additional information relating to each director standing for nomination, including other public company boards on which they serve, the value of their equity holdings in Alaris, and their attendance record for all Board and Committee meetings during fiscal 2010 can be found beginning on page 20 of this Information Circular.

Independent Chair

The Chairman of the Board allows the Board to operate independently of management and

provides directors with an independent leadership contact.

The roles of Chairman of the Board and Chief Executive Officer are separate at Alaris. Mr. Lee, an independent member of the Board, was appointed Chairman of the Board effective July 31, 2008.

The Chairman of the Board ensures that the Board operates in partnership with but independently of management and that directors have an independent leadership contact. He manages the affairs of the Board, with a view to ensuring that the Board functions effectively and meets its obligations and responsibilities to facilitate the achievement of the goals of Alaris, and leads the Board in the execution of its responsibilities to shareholders. The Chairman further sets Board agendas, oversees the quality and process of information sent to directors concerning Alaris' activities, and reviews any comments or requests made by an independent director. In addition, the Chairman is charged with the responsibility of assisting the independent directors with fulfilling their governance responsibilities and overseeing the governance obligations of the Board and each Board Committee generally.

At each Board meeting, the Chairman of the Board presides over a session of the "independent" directors at which "non-independent" directors and members of management are not present. Each Board Committee also has a session without management present during the course of each of its meetings. Information to be conveyed and actions undertaken as a result of the sessions are communicated by the Chairman to relevant parties, as appropriate.

Board Size

The current membership and size of the Board provides the necessary breadth and diversity of experience, is generally of a size to provide for effective decision-making and staffing of Board committees, and addresses succession planning requirements.

The matter of Board size is considered formally on an annual basis by the Board and on an ongoing basis by its CG Committee. The Board is of the view that its current membership has the necessary breadth and diversity of experience and is generally of a size to: (i) provide for effective decision-making, (ii) enable the staffing of Board committees, and (iii) address succession planning requirements. At the Annual Meeting of Shareholders on April 27, 2011, seven directors will stand for election.

Board Mandate

The Board mandate sets out the responsibilities to be discharged by the Board as well as the personal and professional attributes and the duties of responsibilities required of each director.

The Board, either directly or through its Committees, is responsible for the supervision of management of the business and affairs of Alaris with the objective of enhancing shareholder value.

The Board Mandate is set out in Appendix A on page 65 of this Information Circular and outlines the responsibilities to be discharged by the Board as well as the personal and professional attributes and the duties and responsibilities required of each director. The Board reviews the Board Mandate at least annually. The Board has determined that the Board Mandate continues to sufficiently outline the Board's responsibilities and

expectations, and as such, no material amendments were made to the Board Mandate during 2010.

Meetings of Independent Directors

The Board and Board Committees regularly hold meetings of independent directors.

After each Board meeting held to consider interim and annual financial statements, the Board is scheduled to meet without management and non-independent directors. In addition, the Board has the opportunity to hold ad hoc meetings independently of management and non-independent directors at the request of any independent director, or may excuse members of management and non-independent directors from all or a portion of any meeting where a potential conflict of interest arises or where otherwise appropriate. In 2010, the Board met without management and non-independent directors at each of the four regularly scheduled quarterly meetings.

After each Audit Committee meeting held to consider interim and annual financial statements, the Audit Committee is scheduled to meet without management or non-independent directors and without auditors. In addition, the Audit Committee members have the opportunity to hold ad hoc meetings independent of management, non-independent directors and auditors at their entire discretion, whenever they deem necessary. In 2010, the Audit Committee met without management and non-independent directors, and without auditors at each of the four regularly scheduled quarterly meetings.

At each regularly scheduled CG Committee meeting, the CG Committee is scheduled to meet without management and non-

independent directors during the compensation portion of such meeting. In addition, the CG Committee members have the opportunity to hold ad hoc meetings independent of management and non-independent directors at their entire discretion, whenever they deem necessary. In 2010, the CG Committee met without management and non-independent directors during the compensation portion of each of the two regularly scheduled meetings. In addition, the CG Committee met on an ad hoc basis on several other occasions for the purpose of the compensation review.

Position Descriptions

The Board has adopted Chairman of the Board, Committee Chairs and Director and CEO position descriptions, which are available at www.alarisroyalty.com/investors/governance/policies

As described above, the Board Mandate defined the roles and responsibilities of the Board and management. In addition, the Board has adopted position descriptions for the Chairman of the Board and the Committee Chairs, which are available on our web site. These descriptions set out the responsibilities and duties of the Board and Committee Chairs in guiding the Board and the Committees, respectively, in the fulfillment of their duties. The Board has also adopted a Director position description and a position description for our Chief Executive Officer, which is also available at www.alarisroyalty.com/investors/governance/policies. The Board reviews these positions at least annually. The Board has determined that these position descriptions continue to sufficiently outline the responsibilities and expectations of each position, and as such, no

material amendments were made to these position descriptions during 2010.

In addition, the CG Committee, with the assistance of the Chairman of the Board, reviews and approves corporate goals and objectives that the President and Chief Executive Officer is responsible for meeting each year. The Committee, with the assistance of the Chairman of the Board, also conducts an annual assessment of the President and Chief Executive Officer's performance in relation to those objectives and reports the results of the assessment to the Board.

Orientation and Continuing Education

Directors are provided with orientation and ongoing education regarding Alaris, as required.

The CG Committee is primarily responsible for the orientation and education of directors. All new directors receive a comprehensive orientation on their election or appointment to the Board. The orientation includes:

- a detailed briefing with the Chairman of the Board;
- a detailed briefing with the chair of the CG Committee, Governance Matters;
- a detailed briefing on the role and expectations of the director in Alaris and other matters by Alaris' general counsel;
- a detailed briefing on the legal duties and obligations required of a director of a publicly-traded company, as well as Alaris' governance model, principles and practices;
- a detailed briefing on Alaris and its business; and
- a tour of Alaris' head office.

New directors are also provided with a Directors' Manual containing:

- details of Alaris' organizational structure and business;
- historical information about Alaris;
- information on Alaris' strategic plan and key arrangements;
- the structure of the Board and its committees;
- relevant position descriptions;
- corporate policies.

Prior to agreeing to join the Board, new directors are given a clear indication of the workload and time commitment required. The orientation program is reviewed regularly by either the Board or the CG Committee in connection with new appointments.

Directors are expected to attend all Board and Committee meetings in person, although attendance by telephone is permissible in appropriate circumstances. Directors are also expected to prepare thoroughly in advance of each meeting in order to actively participate in the deliberations and decisions.

Alaris has a continuing education program for our directors, for which the CG Committee is responsible. The program was developed to help our directors maintain or enhance their skills and abilities, and update their knowledge and understanding of Alaris and its industry. The key components of the program include:

- **Regular briefings.** Directors are briefed regularly (and at least on a quarterly basis) on strategic issues affecting Alaris, and these briefings include reviews on the competitive environment and performance for Alaris and the Private Company

Partners as well as any other developments that could materially affect the business of Alaris or its Private Company Partners. The briefings are conducted by the CEO, CFO and other members of Management.

· **Internal educational seminars and materials.** On an ongoing basis, as part of regular Board meetings, directors receive presentations on various aspects of Alaris' operations. In particular, during fiscal 2010, Directors received several presentations concerning International Financial Reporting Standards and the implications thereof to Alaris. In addition, during fiscal 2010, the Board and its Committees also received educational information and/or materials on a variety of matters and topics, such as:

- new and pending changes in accounting standards including International Financial Reporting Standards;
- corporate governance trends and current issues;
- executive compensation, trends, issues and disclosure;
- new and pending changes in tax and securities legislation;
- economic outlooks for Canada and the United States.

Educational materials on economic matters and other topics relevant to the private equity industry are included from time to time in the materials provided to directors in advance of meetings.

Directors identify their additional continuing education needs through a variety of means, including informal discussions with Management and at Board and Committee meetings.

The Board believes that these procedures are practical and effective in light of Alaris' particular circumstances, including the size of Alaris, limited turnover of the directors and the experience and expertise of the member of the Board.

Ethical Business Conduct

The Board believes that providing a forum for employees and officers to raise concerns about ethical conduct and treating all complaints with the appropriate level of seriousness fosters a culture of ethical conduct.

The Board has adopted a Comprehensive Code of Business Conduct (the "Code"), which provides a framework for directors, officers and employees on the conduct and ethical decision-making integral to their work. The Board, through its Audit Committee, reviews the operation of the Code and any waivers thereof. Since inception, no waiver from the Code has been granted. The Code is available on our web site

www.alarisroyalty.com/investors/governance/policies.

At least annually, the Code is reviewed by Alaris' General Counsel to ensure that it complies with all legal requirements and is in alignment with best practices. In the event that amendments are needed, recommendations are made to the CG Committee and the Board for approval. Each year, every director, officer and employee must sign an acknowledgement that they have read, understood and complied with the Code.

The Board has also adopted whistle-blower procedures which allow officers and employees who feel that a violation of the Code has occurred to report this violation on a confidential and anonymous basis. The procedures allow concerns regarding accounting, internal accounting controls or auditing matters to be reported on a

confidential and anonymous basis, as well. Concerns may be raised by e-mail or telephone directly to the Chair of the Audit Committee or alternatively, to the Chair of Governance Matters, CG Committee. Once received, concerns are forwarded to the General Counsel or to the Chief Financial Officer in the case of issues involving the Chief Executive Officer or the General Counsel. Accounting, internal control or auditing concerns are dealt with by both General Counsel and the Chief Financial Officer. The General Counsel or Chief Financial Officer makes a determination as to the most appropriate forum for the concern in accordance with an established framework.

The General Counsel reports to the Audit Committee quarterly regarding concerns received through the whistleblower procedures. The Chair of the Audit Committee is notified of concerns relating to accounting, legal, internal accounting controls or auditing matters, and the Chairman of the Board is notified if such concern involves the Chief Executive Officer, and that individual determines the appropriate investigation to be carried out and any action to be taken at the conclusion of the investigation. In the case of concerns not relating to accounting, internal accounting controls or auditing matters, the General Counsel determines the appropriate review and actions to be taken.

The Board believes that providing a forum for employees and officers to raise concerns about ethical conduct and treating all complaints with the appropriate level of seriousness fosters a culture of ethical conduct with Alaris.

The Board believes that its effectiveness is furthered when directors exercise independent judgment in considering transactions and agreements. As such, if at any Board meeting a

director or executive officer has a material interest in a matter being considered, such director or officer must disclose the nature and extent of their interest and would not participate in any vote on the matter. In certain cases, an independent committee may be formed to deliberate on such matters in the absence of the interested third party.

Nomination of Directors

When candidates for director positions are considered, the competencies and skills that the Board, as a whole, should possess as well as the skill sets of current Board members and any additional skill sets deemed to be beneficial are considered, assessed and identified in light of the opportunities and risks facing Alaris when candidates for director positions are considered.

The CG Committee has responsibility for recruiting and recommending new candidates for appointment or election to the Board. At present, the CG Committee does not have a process by which it identifies new candidates for Board nomination but rather the identification of new candidates is done on an informal and ad hoc basis.

The CG Committee is also responsible for reviewing on a periodic basis the appropriate size of the Board and its composition, including the number of directors who are independent and analyze the needs of the Board and recommend nominees who meet such needs.

Director Compensation

A non-employee director is compensated by the grant of Restricted Share Units.

The CG Committee has the responsibility, among other things, for formulating and making recommendations to the Board in

respect of compensation relating to directors. In arriving at its recommendations, the CG Committee conducts a periodic review of directors' compensation having regard to recommendations from an independent compensation consultant and various governance reports on current trends in directors' compensation and compensation data for directors of reporting issuers of comparative size to Alaris. The CG Committee and the Board determined that director compensation is sufficient and appropriately aligns director and Shareholder interests. As such, director compensation was not a part of the scope of review by the CG Committee when reviewing Alaris' compensation strategy in 2010.

The compensation of Alaris' directors is described in this Information Circular under the heading "Board of Directors Compensation" above.

Board Committees

The roles and responsibilities of each Committee are set out in formal written mandates, the full texts of which can be found at www.alarisroyalty.com/investors/governance.

The Board has two Committees: Audit; and CG. Both of the Committees are composed entirely of "independent" directors. The roles and responsibilities of each Committee are set out in formal written mandates, the full texts of which can be found on our web site. These mandates are reviewed annually to reflect best practices as well as applicable regulatory requirements.

CG Committee

The CG Committee is responsible for developing and maintaining governance principles, an orientation program for new directors, a director assessment process and

identifying and recommending candidates for nomination to the Board. The Committee also assists the Board in ensuring that Alaris' compensation strategies support Alaris' objectives and sustain shareholder value.

In addition to these duties, the CG Committee is also responsible for developing and maintaining governance principles consistent with high standards of corporate governance. The Committee does the following in carrying out its mandate:

- (i) review on an ongoing basis the effectiveness of the Board and its Committees in fulfilling the mandate of the Board;
- (ii) periodically review and assess Alaris' approach to corporate governance matters and recommend any changes to the Board;
- (iii) acts as a forum for concerns of individual directors in respect of matters that are not readily or easily discussed in a full Board meeting, including the performance of management or individual members of management or the performance of the Board or individual members of the Board;
- (iv) review and recommend to the Board for consideration the Code and take all reasonable steps to oversee the implementation of the Code, including reviewing with management the Code and the implementation and effectiveness of compliance programs under the Code;

- (v) as determined appropriate, develop and recommend to the Board for approval, and periodically review, structures and procedures designed to ensure that the Board can function independently of management;
- (vi) recruit and recommend new members to the Board;
- (vii) determine the appropriate size of the Board and its composition, including the number of directors who are independent, and the annual nomination of directors for election;
- (viii) undertake a periodic performance review of each director and in the process ensure each Board member is aware of the contribution they are expected to make including the amount of time, energy and resources expected of each director;
- (ix) review and recommend to the Board as to the acceptance of any offer to resign of any director;
- (x) develop for approval by the Board and periodically review, orientation and education programs for new directors;
- (xi) annually review and recommend to the Board the appointments to each committee of the Board and any changes to the terms of reference of the committees;
- (xii) periodically review and monitor Alaris' communication policy with a view to determining whether Alaris is communicating effectively with shareholders, other stakeholders, the investment community and the public generally; and
- (xiii) review and consider the engagement at the expense of the Corporation of professional and other advisors by any individual director when so requested by any such director.

The CG Committee meets at least twice per year and at such other times the Committee determines. All members of the Committee are expected to have, or acquire within a reasonable period of time following their appointment, a thorough understanding of governance and compensation issues.

Audit Committee

The Audit Committee oversees the integrity of Alaris' financial reporting, its internal controls, disclosure controls and procedures and internal audit function, and oversees compliance with legal and regulatory requirements, reviews and assesses the Auditor and sets standards of business conduct and ethics. The Audit Committee also considers risk issues in the context of Alaris' enterprise-wide strategic risk management framework.

The Audit Committee oversees the integrity of Alaris' financial reporting, its internal controls (including internal control over financial reporting), disclosure controls and procedures and internal audit function, and its compliance with legal and regulatory requirements. The Audit Committee also reviews and assesses the qualifications, independence and performance of the Auditor. The Audit Committee also functions as Alaris' conduct review committee and as such its responsibilities include setting standards of business conduct and ethics for directors, senior management and employees. In addition to being "independent", each

member of the Audit Committee has been determined to be “financially literate”, as such term is defined under *National Instrument 52-110-Audit Committees* and under CSA standards. The definition of “financially literate” adopted by the Board pursuant to these rules and standards are set forth in the Audit Committee’s Mandate, which may be found on

www.alarisroyalty.com/investors/governance/policies.

At meetings of the Audit Committee, members of the Committee meet separately (without other management present) with the Auditor to review specific issues.

The Audit Committee requires management to implement and maintain appropriate internal controls. The Committee approves and oversees the internal control policy and audit mandate. The Committee meets quarterly with Auditor and management on matters of internal control. The Committee also pre-approves all audit and non-audit work performed by the Auditor.

The Audit Committee also oversees the framework to identify and manage risk, including adherence to risk management corporate policies, and compliance with risk-related regulatory requirements. The Audit Committee approves corporate policies and risk limits that address the management of the risk and return associated with credit, market, liquidity, operational and business risk, and such other risk management controls as are considered by the Committee to be appropriate for prudent business practice. Strategic decisions may be reviewed at the request of the Board to advice on the risk impact. The Audit Committee also reviews the methods and procedures established by management for control of key risks.

Additional information relating to the composition of the Audit Committee, the Committee Mandate, and the relevant education and experience of its members is set out under the heading “*Audit Committee Information*” in our AIF. The fees paid to the Auditor in the last two fiscal years are described in such AIF.

Assessment of Directors and Board Committee Effectiveness

Alaris has instituted a variety of methods for assessing the effectiveness of the Board, its Committees, the Chairman of the Board, the Committee Chairs and the individual directors. The results of the assessments form the basis of recommendations to the Board on the appropriateness of the current mix of directors, improvements that can be made to Board processes and the continuing education needs of the Board.

Annual Assessment of Individual Directors

Individual Directors evaluate each other.

The CG Committee annually conducts a peer evaluation process to provide feedback to individual directors on their effectiveness. Assessment forms are annually approved by the Board, and then provided to each director and the results are compiled by the Chair, Governance Matters, of the CG Committee and discussed with the Board. The survey requires that every director assess the contribution of each of his or her peers in relation to the standards of performance established in the Board Mandate, which sets out the personal and professional attributes and duties and responsibilities required of each director. The Chairman of the Board receives a copy of the scores for each individual director’s peer assessment and then

meets with each director to discuss his or her peer assessment.

Annual Assessment of the Board

Individual Directors evaluate the Board as a whole.

The CG Committee also conducts an annual evaluation of the effectiveness of the Board and its Committees through surveys completed by each director. This evaluation is conducted through assessment forms annually approved by the Board and provided to directors, which cover the operation of the Board and its Committees, the adequacy and timeliness of information provided to directors, Board and Committee structure, agenda planning for Board and Committee meetings, contributions of Board and Committee members, strategic direction and process, and takes into account the duties and responsibilities enumerated in the Board and Committee Mandates. The results of the forms are compiled by the Chair, Governance Matters of the CG Committee and discussed with the Board, who considers whether any changes to the Board processes, composition or committee structure are appropriate. Additionally, Management is advised of any suggestions made by directors for enhancement of processes to support the work of the Board.

Annual Assessment of the Audit Committee

Individual Members of the Audit Committee evaluate the Audit Committee as a Whole.

The CG Committee also conducts an annual evaluation of the effectiveness of the Audit Committee. This evaluation is conducted through assessment forms which are annually approved by the Board and provided to and completed by members of the Audit

Committee. The assessment forms cover the purpose of the Audit Committee, its operation, composition, and process, and takes into account the duties and responsibilities enumerated in the Audit Committee Mandate. The results of the forms are compiled by the Chair, Governance Matters of the CG Committee, and discussed with the Audit Committee and the Board.

Communication Policy

The Disclosure Committee is responsible for reviewing all annual and interim filings and ensuring the timely public release of material information relating to Alaris.

The Board has approved an External Communication Policy covering the timely dissemination of all material non-public information. This policy, which is reviewed annually, establishes consistent guidance for determining what information is material and how it should be disclosed to avoid selective disclosure and to ensure that material information is widely disseminated. Alaris also has a Disclosure Committee comprised of the Chief Executive Officer, the Chief Financial Officer and the General Counsel and Corporate Secretary. The Disclosure Committee is responsible for reviewing all annual and interim filings and ensuring the timely public release of material information relating to Alaris. The Chief Executive Officer, together with the Chief Financial Officer, makes the final determination as to what information is material and must be publicly disclosed.

Alaris seeks to communicate with its shareholders and other stakeholders through a variety of channels, including the annual report, information circular, quarterly reports, annual information form, news releases, and

web site. Shareholder feedback is received through meetings with institutional shareholders. Feedback from retail shareholders is generally received by e-mail or telephone. Shareholder concerns are addressed promptly by Alaris Investor Relations Manager. Wherever possible,

appropriate changes are made in response to these concerns. Page 50 of the Information Circular contains the contact details for shareholders who wish to communicate directly with the Board. The Board believes these practices reflect best practices in shareholder engagement.

The material characteristics of the Common Shares are as follows:

- a) Each Common Share carries the right to attend at Shareholder meetings and to one vote on each resolution voted on at a Shareholders' meeting;

exchange require that the offer be made to each holder of Common Shares, holders of Non-Voting Shares have the option to require Alaris to redeem their Non-Voting Shares, upon written notice in accordance with the terms of the Non-Voting Shares. This redemption right will not come into effect in certain circumstances that are more particularly outlined in the terms of the Non-Voting Shares.

Warrants

The material characteristics of the Warrants are as follows:

- a) The Warrants were issued on October 22, 2009 in connection with the Offering. Each Warrant is transferable and entitles the Warrantholder to purchase one Common Share at a price of \$7.50 at any time up to 5:00 p.m. (Calgary time) on October 21, 2011, after which time the Warrants will expire. The Warrants are subject to a mandatory exercise if, any time after October 21, 2010, the volume weighted average price of the Common Shares on the TSX is above \$9.00 per Common Share for twenty (20) consecutive trading days. Alaris has not exercised its right to compel a mandatory exercise of the Warrants. Alaris has appointed the principal transfer offices of the Warrant Agent in Calgary, Alberta and Toronto, Ontario as locations at which the Warrants may be surrendered for exercise, transfer or exchange. Warrantholders should contact the registered dealer or broker through which such Warrantholder purchased their Warrants for instructions on how to exercise the Warrants held by them.

Under the Warrant Indenture, a copy of which is available to holders of Warrants upon request to Alaris, Alaris may from time to time purchase (by invitation for tender, in the open market, by private contract on any stock exchange or otherwise) any of the Warrants then outstanding, and any Warrants so purchased will be cancelled. A holder of a Warrant does not have the right to vote at, to receive notice of, or to attend meetings of shareholders or any other proceedings of Alaris or the right to receive dividends or other distributions.

- b) The Warrant Indenture provides for adjustment in the number of Common Shares issuable upon the exercise of the Warrants and/or the exercise price per Common Share upon the occurrence of certain events as more particularly described in the Warrant Indenture, including but not limited to the declaration of stock dividends; the consolidation or subdivision of Common Shares; the issuance of certain rights, options or Warrants to Common Shareholders; amalgamations, arrangements or mergers of Alaris with any other entity; and the transfer, sale or other conveyance of all of Alaris' assets or business to another entity in exchange for shares of such entity.
